IM MANUFACTURING

IM Manufacturing is an extension in Microsoft Dynamics 365 Business Central combined with an Android App for **Manufacturing Screens**

IM Manufacturing is an extension to manage Production Orders and Assembly Orders in Microsoft Dynamics 365 Business Central for Manufacturing Sites, both for Backoffice and Shop Floor operations

Microsoft Dynamics 365 Business Central Manufacturing process enhanced thanks to conductive Android Manufacturing Screens

EASY TO DEPLOY AND EASY TO USE

Easy to install
Install BC extension and download Android App in your Screen and follow the instructions

100% Touch Android Manufacturing Screens
Manufacturing Screens have been designed to favour the operator's interaction with the touch screen

Production Tasks
Production Orders have been divided into Production Tasks for a better organization of the Shop Floor operations

Traceability of the operations
Batch No. and Serial No. easy to introduce by the operators

Manufacturing Sections
Section No. helps distributing the Production Tasks in the Shop Floor

EAN128
Barcode reading is essential for Manufacturing, especially for items that need to be traceable

ORGANIZE YOUR SHOP FLOOR OPERATIONS WITH IM MANUFACTURING

Production Orders

Production Orders are divided into Production Tasks according to Work Centers and Machine Centers

Manage Assembly Orders

Manage Assembly Orders in addition to Production Orders, which can be created with IM Manufacturing and processed with IM Manufacturing Screens following a similar pattern
